

Spill Containment Products - Spill Kits

Indian Valley Industries' spill containment products are the answer for quick-response spills and accidents. We offer a wide variety of oil-only products in prepared kit-form or as individual products in bundled quantities. Universal sorbent products are also available.

Prepared Oil-Only Kits - Available in 55 Gallon, 25 Gallon, and 17 Gallon options. The largest kit is designed for jobsite use for construction sites, marine/dockside sites or in plants for quick and convenient response. The smaller kits are categorized as "truck kits" with a compact design, allowing for easy placement behind the driver's seat or in a storage compartment. These kits allow the driver to respond promptly to any petroleum based spill.

Each kit is packaged with sorbent pads, pillows, socks, boom, disposal bags, nitrile gloves, and emergency response guidebook.

Sorbent Pads - Quick absorbing and highly versatile. Use standard melt-blown pads and rolls for cleaning spills on land and water. These low cost sorbents are ideal for a variety of environmental applications. Most popular size - 15" x 19", economy weight, 100 pads/bale, 20 gallons/bale sorbency. Other sizes and weights are available.

Sorbent Pillows - Used to absorb large amounts of fluids where a pad just isn't enough. Also good to use in tight, hard to reach areas. Use oil only pillows on both land and water. Great in coolant tanks and sump wells. Use our universal pillows for all liquids including acids and bases. Most popular size - 18" x 18", oil-only, 16 pillows/case, 28 gallons/case sorbency, Other sizes and weights are available.

Sorbent Socks - Will not absorb water or water based liquids. Highly absorbent and dust free, these socks help keep a clean and safe working environment. Use these socks outdoors if needed. Most popular size - 3" x 4', oil-only, 30 socks/case, 30 gallons/case sorbency, Other sizes and weights are available.

Sorbent Boom - Linkable booms are used to contain and absorb spills on or off water. The built-in stainless steel connectors link booms together to cover large areas of water. Booms are encased with a lint free poly sock that prevents shedding. Most popular size - 5" x 10', oil-only, 4 booms/bale, 35 gallons/bale sorbency, Other sizes and weights are available.

Drums, Disposal Bags & Nitrile Gloves - Many options are available.
